There may be times when it is clinically indicated to perform more than one hand procedure in the same in office bundle. Talk to your surgeon prior to the procedure to understand your personalized procedure plan.

*Bilateral pricing is available. Contact our Patient Engagement Team at 888-503-0349 for more details.

☆ All Procedures performed by Fellowship-trained hand surgeon

ABOVE EPISODES INCLUDE:

- ✓ Initial office consultation and follow up visits prior to surgery
- ✓ X-rays related to the patient's condition for which they are being treated
- ✓ Post-surgical visits related to the surgery (these include wound check visits and normal post-op visits to remove sutures.)
- ⊘ Physical therapy is very rarely needed for these procedures and is not included as part of the episode.

OUTCOMES:

- 👤 With over 600 completed in-office procedures since 2017, complications requiring a trip to the O.R. has been zero
- 🏥 Less than 1% of patients have required oral antibiotics to treat a superficial infection
- 👉 Zero recurrent episodes of triggering after a trigger finger release

To schedule an appointment, contact our scheduling team at (715) 832-1400 or (800) 322-1747
